WE MAY OWN SAN DOMINGO. Washington, Feb. 23.—The administration is maturing plans to give San Domingo a spanking which may result in the United States flag being placed there "to stay put." The recent firing on the Clyde liner New York, is helping matters on nicely. San Domingo, according to reports heard here, is very soon to come under the United States flag.

Assistant Secretary of State Loomis and the general navy board who will be present in the maneuvers in the Caribbean, have been, it is believed, delegated to visit San Domingo.

KENTUCKY GOES EAST. Washington, Feb. 23.—The battleship Kentucky, flagship of the American Asiatic fleet, has been ordered to Hong Kong, where she will be docked for the purpose of making minor repairs. OVER A SCHOOL

Ballard and McCracken Counties at War.

Ballard Wants to Move the Woodville School to Kevil, in Ballard.

ABOUT THE COUNTY SCHOOLS

There is a lively fight on between Ballard and McCracken counties over school district No. 26. The Ballard county school authorities want to move the school to Kevil, or establish a new one and boom the town, it is said, and have brought suit at Wickliffe against McCracken county to secure a portion of district No. 26, which is divided between McCracken and Ballard counties.

The school house is in McCracken and it is said the Ballard county authorities can not possibly secure the McCracken portion of the district, which is necessary before they can remove the school house from Woodville to Kevil. Hence McCracken county does not fear the proceedings.

All the public schools in McCracken county have been closed for the summer except one, the school at Ragland, and this school will have to run about one month longer.

Miss Kate Moore, the teacher, was ill one month and delayed her work this length of time. She has to hold school five months, which accounts for her school running longer than the others.

DEATH COMES

To Bring Sorrow to the Home of Dr. Wallace Warner.

Mrs. Werner Died Today at Her Home Here After Two Years' Suffering.

Mrs. Anna May Werner, wife of Dr. Wallace Warner, manager of the Nelson Soule drug store, died this morning at 10 o'clock at the family residence on North Seventh street, near Clay. Mrs. Werner has been suffering for two years from intestinal trouble. Every effort was made to restore her to health, but without success, and recently she had been growing weaker until death relieved her suffering this morning.

Mrs. Werner was 31 years of age and was born in Murphysboro, Ill. She was married to Mr. Werner in Murphysboro in 1898. Her maiden name was Miss Anna May Cassidy.

She came to Paducah with her husband soon after her marriage and they had resided here ever since. Besides her husband, two children survive her. She also left a father, two brothers and two sisters, all of whom reside in Murphysboro.

Mrs. Werner was a young woman of many sweet traits of character, and was much beloved by all who knew her. The funeral will take place tomorrow morning at 11:30 o'clock at the family residence. Rev. W. E. Cave of the First Presbyterian church, of which Mrs. Werner was a member, will conduct the service. The remains will be taken to Murphysboro for interment.

HUNDREDS LOST

A DAM BURSTS IN CHINA AND DESTROYS VILLAGES.

Tien Tsin, Feb. 23.—A telegram from Tsinan-Fu, Shan-Tung, says that hundreds of lives have been lost by the bursting of a dam on the Hwang-Ho. Several villages were destroyed.

JAPAN EXECUTES A COUP==GETS FOUR OF THE CZAR'S BOATS

The Russians Have Abandoned Port Arthur as Military Base.

Retreat 600 Miles to Harbin--Russian Fleet is Reported in Good Condition Again.

RUSSIA'S BLACK SEA FLEET ON THE MOVE NOW.

TWO RUSSIAN SHIPS SUNK. London, Feb. 23.—The Japanese squadron has captured four Russian torpedo boats at Port Arthur by using Russian signals.

This dispatch appears to confirm a fresh attack on Port Arthur by Japan. The report adds that the Russian crews of the four torpedo boats have been transferred.

No other news of the attack has been received in London, but the Chefoo correspondent of the Morning Post, in a dispatch dated February 22, says the statement is current there that the Japanese torpedo boat destroyers in the attack on Port Arthur on February 14, sank or damaged two Russian battleships in addition to the torpedo boats already reported.

Viceroy Alexieff's retirement to Harbin is an accomplished fact, and a correspondent of the Associated Press cables that Port Arthur is now strictly a naval stronghold and her forts are being manned by naval gunners.

A British squadron is concentrating there, and French concentration of warships is occurring at Saigon, China. This is supposedly a result of the Anglo-French understanding.

According to the Nagasaki correspondent of the Daily Telegraph the American squadron is going to make a demonstration at the mouth of the Yalu river.

FLEET TO PASS DARDANELLES.

St. Petersburg, Feb. 22.—Further corroboration has been received that active negotiations are in progress for the passage of the Dardanelles by the Russian Black sea fleet. This is the reason such pains have been taken to obtain the good will of Austria.

The porte is almost willing and if England makes any objection to the passage it will be the signal for an immediate advance toward India.

Admiral Alexieff's retirement to Harbin with his staff is interpreted to mean that he is convinced the Japanese will besiege Port Arthur, where, as also at Vladivostok, it is stated, the order of the day is that Japan will be allowed to occupy Korea. The fleet has received instructions not to engage in any fight at present, but to remain on the defensive until the beginning of July, when a half of the whole Baltic fleet will be dispatched to the Far East. It is hoped also by that time that part of the Black sea fleet will be also on the way. Work on all the ships under construction is being specially pushed forward.

NOT SUCH BAD SHOOTING.

Chefoo, Feb. 23.—The German steamer Pronto reports that when she arrived at the roadstead off Port Arthur on the evening of February 10 the officer in command of the garrison requested her to extinguish her lights which was accordingly done, but shortly after midnight she was flashed upon by the searchlights of the watch and the warships, mistaking her for a Japanese vessel, fired upon her several times, damaging the chart room, the saloon deck and the officer's cabin. Her signals were, however, recognized shortly after and the firing ceased. The British steamer Shiplan also underwent the same experience. Both vessels are lodging complaints against the Russian's government through the consuls here. The damage amounts to several thousand pounds.

RUSSIAN VALOR.

Nagasaki, Feb. 23.—The four Russian cruisers which went out to bomb

ard Hakodate were prevented from doing so by a snow storm. They returned to Vladivostok on February 12, bringing with them two men, women and children from the small Japanese steamer Nakonowra which they sunk. Two of the crew were drowned. The captives, including the children, were paraded on February 17 through the streets as prisoners of war.

The cruisers are refitting to sail forth again with five torpedo boats and the transport Lena, formerly the Moscow, to attack Hakodate.

JAPANESE WARSHIPS MOVING.

Chefoo, Feb. 23.—The Chinese report that five Japanese warships are off Niu Chwang.

The German steamer Pronto arrived with the last batch of 300 Japanese refugees from Dalny and Manchuria. She reports everything quiet, but business absolutely abandoned.

The governor of Dalny probably will join the viceroy and remove to Mukden.

READY FOR BUSINESS.

Chefoo, Feb. 23.—The repairs to vessels damaged by torpedoes and the Japanese fleet, are nearly complete and it is thought they will be ready for service shortly. Russia now claims that the fleet at Port Arthur is in fighting trim, with six battleships, three cruisers, ten torpedo boat destroyers and 25 torpedo boats.

RUSSIA'S BLACK SEA FLEET.

Constantinople, Feb. 23.—The porte has been advised that the greatest activity prevails among the vessels of the Russian Black sea fleet and at the dock yards of Sebastopol and Odessa. It is also stated that the British warships are concentrating along the Greek Archipelago.

CLASH ON LAND EXPECTED.

London, Feb. 23.—There is little doubt in the minds of those in close touch with the position of the troops of Russia and Japan, that a clash between the land troops of the opposing armies is imminent in Korea and may even now have occurred.

HONORS BRITISH OFFICER.

Tokio, Feb. 23.—Captains Lea and Paynter, Lieutenant Boyle of the British navy, were thanked this morning by Mikado for navigating the Japanese armed cruisers Nishin and Kasuga from Genoa, Italy, to Japan. The Mikado has conferred on them the order of rising sun.

RUSSIANS DESTROY TELEGRAPH

Berlin, Feb. 23.—The Tokio correspondent of the Lokal Anzeiger reports that several hundred Russian cavalry appeared at Anju Korea and destroyed the telegraph. Anju is a hundred and sixty miles north of Seoul.

RUSSIA'S WAR MINISTER.

St. Petersburg, Feb. 23.—General Sakharoff has been appointed minister of war temporarily to succeed General Kuropatkin, who is placed in chief command of the Russian forces.

FILE OUT OF LOCKUP

Ernest Ozment and Kid Wilson Escaped Last Night Sometime

One Had About Thirty and the Other About Sixty Days to Serve.

GLAD TO GET RID OF THEM.

Ernest Ozment and Kid Wilson, white prisoners in the city jail, made their escape last night between midnight and 1 o'clock by filing the pin which held the hasp across the cell door.

It is supposed that some one gave them the file while they were out at work on the streets yesterday, and is supposed that Ozment is responsible for the escape, as he is better known than the other man, and was more likely to have come into possession of the file. It is no trouble to secrete articles of this kind and carry them into the lockup after finishing work on the streets.

After filing the iron pin and getting out of the cell, they pried the lock off the basement door on the Eastern side of the city hall and escaped into the city hall yard, thence into the alley and street.

Several other prisoners were in the same cell but refused to escape. They say that the escape was made between 12 and 1 o'clock.

Wilson was formerly a steamboat mate, and was some time ago arrested for robbing another man on lower Kentucky avenue and getting about four dollars. It developed at the trial that he had served a sentence in the Chester, Ill., penitentiary for selling a piano that came from one of the burned St. Louis and Tennessee river boats. He was given three months here for petty larceny and had probably sixty or seventy more days to serve.

Ozment was fined about a week ago on three warrants, amounting in all to about thirty dollars, which gave him still about thirty days to serve.

The police have found no trace of the fugitives, and think if they will stay away from Paducah it will be a good riddance.

DEATHS OF STATE

A Companion of Abraham Lincoln, Dies in La Rea.

Was 96 Years Old—Death of a Minister at Hartford, Ky.

Hodgenville, Ky., Feb. 23.—Mrs. Sarah Elizabeth Castleman, familiarly termed "Aunt Sallie" Castleman, aged ninety-six years, and living child hood acquaintance of ex-president Abraham Lincoln, died at her home in the Eastern end of this county last night, of infirmities due to old age. Mrs. Castleman was one of the best known women in this part of the state and was related to the distinguished family of Helms, of Kentucky being a close relative of the late Gov. Helm. Mrs. Castleman was born and reared in the Knob Creek section of Larue county, a short distance from the old Lincoln homestead, and lived all her life in a log house built by her father over a hundred years ago.

MINISTER DIES.

Hartford, Ky., Feb. 23.—Rev. D. K. Maddox, one of the oldest and most popular ministers of the Baptist church in this section of Kentucky, died at his home near Rockport of troubles incident to old age. He had been ill several weeks.

Officer Aaron Hurley resumed work last night after a day's illness.

A LARGE FORCE

Will Probably be Put to Work by the I. C. Soon.

Must Get Its Motive Power Out—Assistant Superintendent McCourt was Here Today.

LATE RAILROAD NEWS

The prospects are that the I. C. will soon be working in the shops here one of the largest forces in the road's history.

There are at present eight engines waiting for repairs at the local I. C. machine shops, and it is expected that on March the first, another increase in working forces at the local shops will be ordered, although no official notification of this contemplated action has been received here.

The I. C. is short of motive power on this division, the result of recent accidents to rolling stock, and will require a large force of mechanics to repair them. The company needs engines badly and it is thought will waste no time in increasing the force now that milder and more favorable weather is coming.

It is not generally known that the Louisville division of the I. C. railroad ranks second on the entire system, being known as division No. 2.

The No. 1 division is the Chicago division, and in importance the Louisville division is running neck and neck for first honors.

This division was lust on the list several years ago but the superintendents worked so hard to straighten it out and so successful were their efforts that now it ranks far above all but the one division centering at Chicago.

Mr. H. O. McCourt, assistant general superintendent of southern lines of the I. C., arrived in the city this morning from Fulton on the Fulton and Louisville accommodation train about 7:45 and left at 9:30 for Cairo. He was merely passing through the city and transacted no particular business here.

Superintendent A. H. Egan, Roadmaster F. L. Thompson, Engineer Throver, all of the Louisville division of the I. C., are in the city today on business. Mr. Throver is here looking after the Myers street fill and spur track the I. C. is putting in.

Mr. J. O. Barnett, general yardmaster of the I. C. at Chicago, and wife and sister-in-law, arrived last night from Louisville where they had been visiting Mrs. A. H. Egan, wife of the popular I. C. superintendent, accompanied the party as far as Paducah.

Mr. Barnett and family left this morning for home. This is Mr. Barnett's vacation, the first he has had in some time.

Mr. R. B. Harwood, traveling auditor for the I. C., will arrive in the city today on business.

FORCED ATTENTION

CHRISTIAN SCIENTIST UNCONSCIOUS, SO THE DOCTOR TREATED HIM.

Lawton, Okla., Feb. 23.—A Bethesda was a few days ago overcome by a stroke of paralysis and became unconscious. He was a Christian Scientist and was taken in charge by that organization. The city physician was sent to give him medical aid but the Christian Scientists refused his services.

This was reported to the district court, and Judge Burwell issued an order to the county physician to aid him, and there is some hopes of his recovery.

SHOULDER DISLOCATED.

THE ICE THINS OUT

Ohio River Boats Were Able to Resume Today.

The Towboats Renew Their Activity, and River Men Feel Cheerful Again.

THE SPRAGUE GOES SOUTH

The river front today presented a livelier appearance than for several days. The Cairo and Evansville packets were able to leave, the ice having thinned out to such an extent that it was made possible, and there was also great activity among the towboats.

A few days of this kind of weather would cause every vestige of ice to disappear from the river. As it is, it will hardly be sufficient to do any damage.

Captain Frank Farnley will take out the Barrett tomorrow. He has his crew in readiness and goes to Cincinnati with a big tow of lumber.

The Dick Fowler had quite a crowd this morning on her trip to Cairo. It had been several days since she made a trip, which occasioned the drummers considerable difficulty, as many of their towns cannot be reached except by this boat, or long and dangerous trips overland through the mud.

This morning further advices were received from Cairo relative to the reported killing of one of the Sprague's engineers. There was no truth in the report, as stated in the Sun yesterday afternoon. The Fowler boatstore people telephoned yesterday shortly after noon and learned from the captain himself that there was nothing in the rumor. The Sprague left Cairo late yesterday on her trip south.

The boats are still making regular trips, and have hundreds of thousands of ties on the banks of the Tennessee, Cumberland and Ohio rivers awaiting removal. It is probable that more ties than ever will be taken out this year.

ITCH—RINGWORM.

E. T. Lucas, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable; I had tried for years to find relief having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured completely. 25c, 50c and \$1.00 bottle. Sold by Du Bois, Kolb & Co., Paducah, Ky.

JUDGE MAYTON

Tells How DR. THACHER'S LIVER AND BLOOD SYRUP Cured His Neighbor's Son of Dropsy When Doctors Failed

In a recent letter to the Thacher Medicine Company, Judge Z. T. Mayton, Ex-Judge of Hemstead County, Arkansas, now a member of the firm of Mayton & Jones and a prominent citizen of Sardis, Arkansas, says:

"For some time I have handled Dr. Thacher's Liver and Blood Syrup. I recommended it to A. B. Taylor, a customer of mine, who had a son about twenty-five years old afflicted with a severe case of Dropsy. This son had been treated by several of the best physicians in Hope, Arkansas and Hemstead County, who had given him up as hopeless. His case had baffled the best medical skill. The young man showed distinct improvement from the first bottle; after using several bottles he was restored to perfect health. This they attribute solely to the merits of Dr. Thacher's Liver and Blood Syrup."

What Dr. Thacher's Liver and Blood Syrup has done for others it can do for you. On the market since 1852, it has proven its efficacy over and over again in thousands of cases and is curing more people today than ever before in all its long life.

Ask your dealer for it today. Dry form 25 cents. Liquid form 50 cents and \$1.00. Send us two-cent stamp for sample bottle and write our Consultation Department for free confidential advice.

MANAGER ENGLISH ADDS A PAIR TO HIS COLLECTION.

Manager James E. English, whose office in the Kentucky theater is a very attractive place, and is well filled with curiosities, has just added two Egyptian swords to his collection. The ugly looking weapons were presented to him by Prof. Boone, the hypnotist, who was here last week, and Manager English prizes them very highly. They have a romantic history, according to the professor, having been captured during one of the skirmishes with dervishes.

STATE POLITICAL HISTORY.

The Lexington Leader of Sunday aptly says:

Hon. John W. Yerkes, member of the Republican National Committee and a candidate for re-election, has been solicited by many of his friends to enter the lists for delegate at large to the National convention, but has not made any announcement of his purposes in that direction. The suggestion of Mr. Yerkes' candidacy for delegate at large and National Committee man has precipitated discussion in certain quarters of the propriety of aspiring to both these positions at the same time. An examination of the records of the Republican party in Kentucky for the last 32 years shows that in the past there has been no inappropriety in distinguished gentlemen holding both of these dignified positions, one of which expires almost with the hour in which the other is created. In other words the office of delegate to a National convention dies with the adjournment of that body, while the duties of the new member of the National Committee, who is elected by the state delegates, do not begin until the convention has passed out of existence. Following is the record of the last eight Republican National Conventions upon this interesting historical point.

In 1872 W. O. Goodloe was sent as a delegate from the state at large and by the delegation was elected member of the National Committee.

In 1876 Col. Goodloe was again sent as a delegate from the state at large and by the delegation was re-elected member of the National Committee.

In 1880 W. O. Bradley was sent as a delegate from the state at large and by the delegation was elected member of the National Committee.

In 1884 Col. Bradley was again sent as a delegate from the state at large and J. Z. Moore was elected to the National Committee.

In 1888 Col. Bradley was sent as a delegate from the state at large, Col. Goodloe was elected member of the National Committee, and Mr. Bradley's name was presented to the convention for the Vice Presidency.

In 1892 Col. Bradley was elected a

Death of Prominent Man at Greenville Today.

A Kentucky Woman Kills a Wild Cat

—How They Hold Court in Letcher County.

NEWS FROM GRAVES.

Greenville, Ky., Feb. 23—Thomas J. Jones dropped dead in his store at 7 o'clock last night. He had long been prominent in official and business circles. The burial will be Wednesday afternoon.

DEATH IN CHRISTIAN.

Hopkinsville, Ky., Feb. 23—George W. Bryant, a bachelor, and a prominent citizen, died of dropsy aged 69. He was a native of Georgia, but had lived in Christian county since boyhood.

LEFT BIG MONEY.

Owensboro, Ky., Feb. 23—"Major" Stanfield, a negro serving a sentence in the county jail for larceny, received official notice that his uncle, "Major" Stanfield, the wealthiest negro in Colorado, had died and left him \$5,000.

SOME HOT FINES.

Whitesburg, Ky., Feb. 23—Circuit court is rushing through the docket. Nearly a score of prisoners have been put at hard labor, and a dozen have been fined for selling a decoction under the name of "La Grippe" that was proved to consist 80 per cent of whiskey. Two hundred dollars have been assessed for carrying pistols.

"MOONSHINE" COURT.

Whitesburg, Ky., Feb. 23—The proceedings of the circuit court, now in session, were twice disturbed by enthusiastic alleged makers of "moonshine." Henry Edmons, of Breathitt county, insisted on singing aloud in the courtroom, "Home Sweet Home." On completing the second verse he was committed to jail for five days for contempt.

The second case was that of a witness in a case being tried. When called to the witness chair he gave the name of Jim Huddy. He drew a cigar from his pocket while testifying, struck a match, lighted it and sent a puff to the judge's direction. He got the same medicine as "Home, Sweet Home."

KILLED A WILDCAT.

Barbourville, Ky., Feb. 23—Another wildcat has been killed in Bell county. Mrs. Taylor, of Galloway, was startled by a noise in the barnyard, and on going out found a wildcat. Mr. Taylor was not at the house at the time. Mrs. Taylor took down her husband's gun and went to the barnyard. The dogs had run the wildcat up a tree and Mrs. Taylor took careful aim and fired. The infuriated beast fell to the ground, but was not dead. In the fight that followed Mrs. Taylor could not shoot without killing one or both the dogs, so she took up the club and entered the fight herself. Within a few minutes the wildcat gave up the fight. Its skin has been stuffed and brought into town.

Salesrooms 209-213 South Third Street

Our spring line is the prettiest ever shown in Paducah and we invite the lovers of handsome furniture to see it.

One Last Clean-Up Sale to Prepare for Our New Spring Goods.

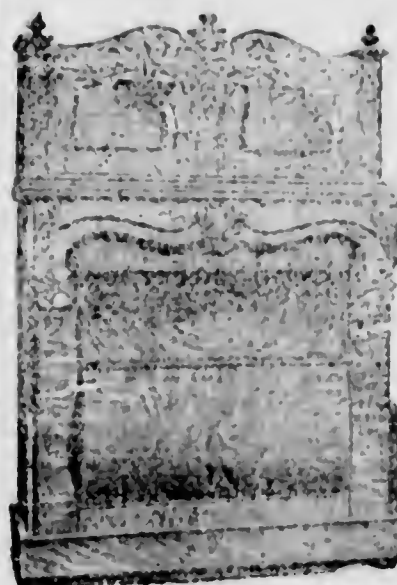

Twice a year prices are abnormally low on furniture in this store, not because it has been cheapened in the manufacture, but because good business reasons require that certain pieces be disposed of at a loss.

Assured: which is better: To be insured against death or to be assured of life; to be insured against fire or to be assured that there will be no fire?

Assured Furniture

Means that we not only protect you against any defect, but make it almost certain before we place the furniture on sale that there are no defects to make trouble later.

No exception: Furniture houses in this vicinity—very good houses, indeed—guaranteed their regular stock, but balk when it comes to a special sale. "No, can't guarantee that; it is not our regular stock."

Beautiful Oak Sideboard

The trouble there is that the "sale" furniture comes from cheaper and careless manufacturers—and that's why the prices are low.

Our facilities: Two mammoth stores, one factory and making furniture our EXCLUSIVE line gives us the advantage of a "specialist" in furniture.

Half price: Many individual and artistic chairs suitable for almost any room are half price; on the other hand, some of the furniture is only reduced 20 per cent. or 15 per cent.

Fine mahogany: Particular attention is called to the fine handsome mahogany furniture—such pieces as you would expect to find in a small exclusive store. Prices on this class are reduced about 25 per cent, which is unusual on such staple pieces.

HEALTH

is the
Most Important

In buying food-products, several things are to be thought of—i. e., Economy, Results, Easy Handling, Reliability, but the most important is Health.

Health means everything. In buying clothes, shoes, hats, furniture, etc., if the buyer is deceived and gets an imitation the only harm is loss of money. In buying food-products, if imitations are supplied, there is not only a loss of money, but perhaps an injury to health—which is beyond price.

Remember these facts when buying baking powder.

FREE FACE BLEACH FOR COMPLEXION

I WILL SEND FREE TRIAL BOTTLE OF MY FACE BLEACH TO ANY LADY SENDING NAME AND ADDRESS.
MME. A. RUPPERT, 6 E 14TH ST., New York City

How to Obtain a Lovely COMPLEXION

Clear and Beautiful

It is every woman's duty to be as youthful and good looking as possible, and there is nothing which adds more beauty than a lovely complexion, and there is no remedy which will restore the complexion and give one that youthful appearance like Mme. A. Ruppert's World Renowned Face Bleach. This grand remedy clears the skin of every discoloration, and impurity, including pimples, freckles, moth patches, brown spots, liver marks, comedones, flesh worms, black heads, oiliness, sallowness, muddiness and skin diseases. It accomplishes these wonderful effects by drawing the impurities and discolorations to the surface of the skin and then removing these blemishes by gradually scaling off a slight surface of the outer skin. It does this in so natural a manner as to be entirely harmless to the most delicate complexion, and, having this action, it cannot fail to produce excellent effects.

Most marvelous results are obtained when Face Bleach is used according to my new Special Directions in conjunction with my Egyptian Balm, which nourishes and feeds the tissues and glands of the skin, and adds the finishing touch which refines, purifies and preserves the skin in its pristine splendor, giving it the glow of youth.

Now, in order that every lady reader of this paper may obtain the highest possible effect from the use of my preparations, I will make the following stupendous offer to all callers at the below address. A bottle of my Face Bleach, a trial jar of my Egyptian Balm, a bar of my most exquisite Almond Oil Complexion Soap, my new Special Directions, my book, "How to be Beautiful"—all for \$2. The price of Face Bleach alone is \$3 per bottle, hence you receive articles absolutely free.

BOARD TO MEET

BUT IT IS NOT CERTAIN WHAT WILL BE DONE BY MEMBERS.

A meeting of the board of public works has been called for this afternoon at 3 o'clock at the city hall by Mayor Yeiser, but it is probable little or nothing will be done, except to informally discuss matters. It was hoped to organize but Mr. S. A. Fowler can not qualify at present because he is still wharfmaster, not having resigned and cannot hold both offices. It is the opinion of the mayor that Mr. Fowler cannot qualify at present.

Another thing is that the members of the board have never had their duties plainly defined, and are waiting on Solicitor Puryear to prepare an ordinance defining them.

The prospects are not for organization this afternoon. The members of the board are Messrs. S. A. Fowler, E. P. Noble and John G. Rinckleff.

THE SCHOOLS

ATTENDANCE SHOWS ABOUT 10 PER CENT INCREASE.

This morning the Paducah public schools opened after a day's holiday and the attendance has increased about 10 per cent. The children who have been ill of measles and those who have been kept away from school for this cause have nearly all returned.

A BANKRUPTCY CASE.

The creditors of the Paducah Iron company will meet tomorrow morning at 9 o'clock in Referee Bagby's office on legal row, and if there is any desire to carry the case after the recent decision of the court, exceptions will be admitted and the case will go higher. If every one is satisfied, Trustee R. G. Caldwell will distribute the \$6,000 left in his hands for the creditors.

Mr. Charles Warren, the former motorman, has returned from Cairo,

FLOGGING IN THE SCHOOLS

There is really no occasion for a controversy over the right to inflict corporal punishment in the public schools. In most of the best public schools it has been abolished as obsolete and belonging to the same class of beneficent methods as the whipping post, stocks, ducking stool, thumb screws, and other things used by our forefathers to maintain discipline. It ought to be abolished everywhere.

But be that as it may, either 87 per cent or 100 per cent of the teachers of any school may approve of flogging, but that is no reason parents, who send their children to school and support the schools, approve of it or will tolerate it, or that flogging benefits the child.

There is a strong public sentiment against it, no matter what teachers, principals or superintendents may think or want.

Some children are bad because they simply can't help it, and some teachers have quick tempers because they were not endowed with the other kind. Give the teachers authority to administer chastisement whenever they deem it necessary, which may mean whenever they lose their temper, and you may have an annoying source of trouble, at least from some of the teachers.

It seems very plain that if children know a teacher has a right to whip them whenever he or she chooses, it may act as a restraint, and thus save the teacher much annoyance, but it is equally as true that some teachers should not be entrusted with such a power because they are human and some of them invested with such authority would do things in haste that they would regret very much at leisure.

But laying aside all argument either way, people of this generation as a rule do not seem to endorse the antiquated ideas of using force and intimidation on indiscreet, undeveloped manhood and womanhood. "Spare the rod" is no longer a slogan with them. They believe in requiring children to comply with the rules of the schools, or require them to stay at home. They believe in kindness. If there is any whipping done they seem to prefer having it done at home. The schools may have all the rules they choose, but they do not apply in the courts, where unnecessary force applied by a teacher to a pupil is a breach of the peace just the same as when one citizen assaults another on the street. But even waving all this as mere opinion it still remains that no matter what the Board of Education says on the subject—and it hasn't said anything yet—those parents who object to having their children whipped at school—and from expressions heard on all sides it appears that about 99 out of 100 do object and object strenuously—will see that they are not whipped. One man was heard a few days ago to remark:

"My boy is not a man and hasn't the judgment of a man—and boys will be boys. If he needs a whipping I'll give it to him at home. If I want him to have it. If a male teacher ever boxes his jaws, however, there'll certainly be a substitute at some of the schools as soon as I can find the teacher."

This seems to be the sentiment. Those who doubt it may easily convince themselves by asking a few parents how they feel about it.

MAYFIELD BAND

IS BEING TAUGHT BY PROF. FRANK DEAN.

Mr. Frank Dean, the well known musician of the city, is teaching a band in Mayfield, Ky., and says he will soon have an excellent amateur band.

Mayfield is full of musical talent and has been well represented at The Kentucky at all musical comedies and comic operas which have appeared in this city since the new opera house was built. The residents are all lovers of music and the young men decided to organize a big band, secure a capable instructor and go into the business right.

Mr. Dean goes out twice a week to teach the band and says he will soon have it ready for a public appearance.

OFF FOR MEMPHIS.

Attorneys Davo Gross and Eugene Graves have gone to Memphis to attend the trial of Wm. Lightfoot, colored, charged with killing Roy Sloan, a white flagman. It is said that the Illinois Central is backing the prosecution of Lightfoot.

Theatrical Notes.

"The Little Homestead," a first class and well presented pastoral play replete with both humor and pathos, was witnessed by a well pleased audience at the Kentucky theater last night. The house should have been packed, for the company is a good one and the play is probably not far behind Denman Thompson's renowned "Old Homestead." The author of it is Mr. W. B. Patton, who was here a few days ago in "The Minister's Son." A member of the cast who has numerous friends in Paducah is Dave Flynn, better known as "Red" Flynn, who was a member of the Louisville Drum and Trumpet corps nine years ago when the state guard encampment was held here. "Red" and James Cameron, the Louisville newspaper correspondent, were great friends, and although "Red" has been on the stage eight years and has been in Paducah a number of times, it is the first time his friends discovered him. He plays "General Judd," and needless to say does it well. A number of his friends last night informally entertained him after the show.

Every one will no doubt turn out in full force on Thursday to witness the revival of Mr. N. C. Goodwin's greatest success, "A Gilded Fool." As the play deals with society and the smart set in general, its revival, aside from being a thing theatre, will interest the ladies particularly from the fact that the gownings and costuming of the ladies of the organization will be on a scale of magnificence not usually seen on the stage, and every garment of which is the creation of an American modiste or dress builder. It is needless to go into the story of the play, suffice that it deals with a phase of American life that is interesting, the counterpart of which many of its viewers have seen in actual life. The production was favorably received elsewhere, and everything is in ship shape for the coming performance.

From reports heard of the coming attraction at The Kentucky next Friday, February 26, there is no doubt of its excellence and its merits. It is headed by the well known versatile comedian, Mr. Willard Simms, who is quite a favorite in the south. The play is superbly mounted and beautifully costumed, carry their own scenery and company of thirty artists and chorus. Seats on sale Wednesday.

NOW FLAG TRAINS

Street Car Co., Puts Conductors on Depot Line.

They Go All the Way Out—Accidents Now Impossible.

This morning two extra conductors were put on the Paducah City railway union depot cars and for the first time in the history of the city there were conductors to get off, run ahead of their cars and flag the railroad crossings.

The recent accident at the depot crossing showed the company that this action was a necessity, hence conductors have been put on, and now run straight through to the depot. Heretofore the conductors left the cars at the Eleventh street switch and returned towards the city.

This last improvement of the street car company meets the approval of the public and passengers feel more security in riding on the cars. Under this arrangement it is practically impossible to experience another serious accident such as happened a short time ago when a car load of passengers were buffeted about by the N. O. & St. L. train.

HAS A BROKEN ARM.

Mr. Hugh Craft is suffering from a broken arm. He has been ill and was out for a walk, when he slipped and fell to the pavement, fracturing his right arm near the wrist. Mr. Craft has but one leg, which made his fall more severe than it would otherwise have been.

THE STROLLERS

Availing themselves of the open
house of the unknown "Krewe," a com-
potee last that vanished on the stroke
of 12, many of Old Rough and
Ready's retinue mingled with the gar-
dening, their uniforms, well worn, even
shabby, unlike the spick and span reg-
imentals from the costume. With
browed faces and the indubitable air
of campaign endured they were the
objects of lively interest to the fair
masks, nor were themselves indiffer-
ent to the complaisance of their enter-
tainers. Hands, burned by the sun,
looked blacker that night against the
white gowns of waltzes they chafed;
bearded faces more grim visaged in
contrast with delicate complexions; em-
broidery and brocade whirled around
with faded uniforms, and dancing al-
together waved above frayed epaulettes
and shoulder straps.

"Look at 'him'" murmured a fille a
la cassette, regarding one of these offi-
cers who, however, held aloof from the
festivities; a well built young man, but
thin and worn, as though he, like his
uniform, had seen service. "If he
would only carry my trunk!" she laugh-
ed, relapsing into French and alluding
to the small chest she bore under her
arm.

"Or my little white lamb!" gayly
added her companion, a shepherdess.

And they tripped by with sidelong
looks and obvious challenge which the
quarry of those sprightly hussies of
men either chose to disregard or was
unconscious of, as he deliberately sur-
veyed his surroundings with more curi-
osity than pleasure and absently listen-
ed to a mountebank from "The Belle's
Stratagem."

"Who'll buy my nostrum?" cried the
buffoon.

"What are they?" asked Folly, can-
tering near on a hobbyhorse.

"Different kinds for different people,
here's a powder for ladies—to dispel
the rage for intrigue. Here's a pill for
politicians—to settle had consciences.
Here's an eye water for jealous hus-
bands; it thickens the visual mem-
brane. Here's something for the clergy;
it eliminates windy discourses. Here's
an infusion for creditors; it creates
resignation and teaches patience."

"And what have you for lovers?"

"Nothing," answered the clown.
"Love, like fever and ague, must run
its course. Nostrums! Who'll buy my
nostrums?"

"Oh, I'm so glad I came!" enthusias-
tically exclaimed a tall, supple girl,
laden with a mass of flowers.

"Isn't it too bad, though, you can't
polka with some of the military gen-
tlemen?" returned her companion, who
wore a toga and carried a lantern.
"Mile, this fellow wouldn't let you
come until I promised not to allow you
out of my sight."

"It was lovely of you to take me,"
she said, "and I don't mind about the
military gentlemen."

"My dear, if all women were like
you we poor civilians would not be
relegated to the background! I wish,
though, I had worn some other cos-
tume. This—ahem, dress—has a ten-
dency to get between my legs and dis-
concert my philosophical dignity. I
can understand why Diogenes didn't
care about walking abroad. My only
wonder is that everybody didn't stay
in his tub in those days. Don't talk to
me about the 'noble Roman'! Why, he
wore skirts!"

"And M. Intaglio lectured to us for
an hour today about the wonderful
drapery of the ancients!" laughed the
girl. "The poetry of dress, he called it."

"Then I prefer prose. Hello!"—paus-
ing and raising his lantern as they
drew near the officer who had fallen
under the observation of the fille a la
cassette. "Colonel Saint-Prosper, or
set me down for an ass—or Plato,
which is the same thing!"

"Straw!" said the soldier as the bard
frankly lifted his mask and tilted it
back over his forehead.

"Glad to see you!" continued the
poet, extending his hand. "I haven't
run across you before since the night
of the banquet; the debut of Barnes'
company, you remember? You must
have left town shortly afterward. Re-
turned this morning, of course! By the
way, there's one of your old friends
here tonight."

Saint-Prosper felt the color mount to
his face, and even Straws noted the
change. "Who is that?" asked the sol-
dier awkwardly.

"Mrs. Service—Miss Duran that was—
now one of our most dashing. I should
say charitable, ladies. Plenty of men
at Service's church now. She's dressed
in Watteau fashion tonight, so if you
see any one skipping around, looking
as though she had just stepped from
the Embarkation For the Island of
Venus, set her down for the minister's
pretty wife!"

"And the minister?" asked Saint-
Prosper mechanically.

"He brought her. He compromised on
a Roundhead costume himself. But
we must be off. Au revoir. Don't be
backward. The ladies are all military
mad. It may be a sold of arms"—cast-
ing his glance over the assemblage of
fashionably dressed ladies with a quic-
kened smile—"but not hostile arms.
Come, Calistine—Myra, I mean!"

GETS BETTER

This Part of Kentucky to Out-
rival Joplin.

Prominent Investor Gives a Louis-
ville Paper Some Pointers.

A big vein of nickel and cobalt has
been discovered in Crittenden county,
and miners there are looking for more
deposits, says yesterday's Louisville
Herald. One of the Crittenden county
enthusiasts, Col. O. S. Knight, of
Fort Wayne, Ind., was at the Louis-
ville last night and says that in ten
years Joplin will be outclassed in lead
and zinc by the Kentucky counties.
Col. Knight is president of the Mar-
ion Zinc company. He is on his way
to Marion now, where a 200 ton
concentrating plant is to be built by
his company.

Col. Knight says that twice as
much floor spar is demanded as can
be supplied. He says:

"In the east spar has been import-
ed from foreign countries, but it is
not as good quality as that found in
Kentucky. Some spar has been found
in Tennessee, but three-fourths of
it is of the floor spar of the United States
is mined in this state. In ten years
Livingston, Crittenden, Caldwell and
Lyon counties will outrank anything
this has ever been done in this coun-
try in mining of zinc."

"It is up to the miners to go before
congress and try to have the spar in-
terests protected. In now comes in
from foreign countries at practically
no cost, and it should be taken off
the free list."

"In the district around Marion are
to be found lead, zinc, spar, baryta
(used for making paint, the adultera-
tion of sugar and other things), ochre,
nickel, cobalt, potter's clay, and the
highest grade fire clay in the country.
The nickel and cobalt were found a
short time ago in Crittenden county
at a depth of 105 feet, and there is
quite a vein off it."

GLASSY STARE

OF DEAD PASTOR GREETED
MOURNERS AT FUNERAL.

Evansville, Ind., Feb. 23.—In the
general Baptist church at Polson-
ville, a small town in Warren coun-
ty, Ind., about twenty miles from
here, the corpse of Rev. James Hart
was stood behind the pulpit while
the funeral was preached. The glassy
eyes of the old preacher looked out
over the immense audience that came
to pay homage to him. It was the
strangest funeral ever known.

Rev. Mr. Hart was 76 years old,
and had been pastor of the Polson-
ville church for fifty-five years. A
few days ago he realized he was go-
ing to die, and asked his congregation
to stand his corpse in the pulpit
while the funeral was preached.
Three ministers officiated at the fu-
neral this afternoon and people came
from many miles to attend the odd
funeral. The coffin containing the
remains was stood on and behind the
pulpit, and leaned against the wall.

Rev. Mr. Hart was one of the old-
est ministers of southern Indiana,
and during his pastorate of fifty-five
years, officiated at thousands of mar-
riages and funerals. He was a sol-
dier in the Union army during the
civil war.

makes childbirth easy by preparing the
system for parturition and thus shortening
labor. The painful ordeal is robbed of its
terrors, and the danger lessened to both
mother and child; the time of confinement
is shortened, the mother rested, and child
fully developed, strong and healthy.

Morning sickness, or nausea arising
from pregnancy, is prevented by its use.

As pregnancy advances, the breasts en-
large, become swollen and hard. Long
before the child is born, they are prepar-
ing for the secretion of milk. It is import-
ant that they receive early attention.
Mother's Friend softens the skin and
facilitates the secretion of Life Fluid.
Undeveloped breasts, hard-caked shortly
after delivery, are the result of non-
treatment, and likely to culminate in
Mammary Abscess, from which so many
suffer excruciating pain and are left with
these organs permanently impaired.

Softness, pliability and expansion are given to
the muscles and sinews, thus bringing comfort
and causing an easy issue of the child. Try it.

CAUGHT ON BOAT

Ross Poindexter Arrested for
Malicious Shooting.

Frank Perry Files the Complaint—
No One Was Hurt in Melee.

Ross Poindexter, colored, was ar-
rested this morning aboard the C. C.
Fowler by Officers Harley and Cross
on a charge of malicious shooting
without wounding. Frank Perry, col-
ored, preferred the charge.

It seems that Poindexter and Perry
previously had trouble over the for-
mer's wife, but Perry claims they
were good friends, and that he went
to Poindexter's, on Court street near
11th, at Poindexter's invitation, and
they were drinking together when the
trouble came upon Poindexter pulled
a pistol and began shooting. Two or
three shots were fired, none of which
took effect.

Perry reported the occurrence to the
police, and when they arrested Poi-
ndexter he had a pistol on his person,
three chambers of which were empty.

He was slated for malicious shoot-
ing and carrying concealed a pistol.

Poindexter was arraigned before
Judge Sanders this morning in police
court and fined \$30 and costs and
sentenced for twenty days in jail for
carrying concealed a deadly weapon, and
the malicious shooting case against
him was continued.

TOBACCO REPORTS

NEWS OF INTEREST FROM
CLARKSVILLE AND RICH-
MOND, VA.

Clarksville, Tenn., Feb. 23.—The
break market has been quiet so far as
public sales are concerned, none hav-
ing been held last week, but many
hogheads were sold privately at pre-
vailing prices. These sales were
chiefly of the better grades of leaf.

The receipts of hoghead tobacco
for the week were six hogheads;
sales since last report, 284 hogheads.
Stocks on hand in the local ware-
houses are now very small, and there
is plenty of room for the new crop as
soon as it begins to move.

The quotations for the week follow:
Low leaf, \$3 50 1/4 00
Common leaf, 4 00 1/4 50
Medium leaf, 4 50 1/4 00
Good leaf, 5 25 1/4 75
Low leaf, 4 75 1/4 25
Common leaf, 5 50 1/4 25
Medium leaf, 6 50 1/4 50
Good leaf, 7 50 1/4 50
No fine leaf nor selections quoted.

Richmond, Va., Feb. 23.—Severe
weather last week had apparently
little effect on the tobacco market,
large quantities having been brought
in by the planters.

The season's record for high prices
was broken by the sun-cured variety,
the figures reached by that brand be-
ing \$24.50. The total sales of the
week at the warehouses here aggre-
gated nearly 500,000 pounds, which
is regarded as an excellent showing.

The manufacturers and leaf men
are anxious for stock and the present
indications are for a continued run
of good prices. The amount of the
week brought in will increase mat-
terially as the roads become better.

QUITE A TANGLE

Case of Mrs. Vina Allard Now on Trial in Circuit Court.

Is a Sort of Melange of Much Precedent Litigation.

An echo of the long-drawn-out litigation over property left by the late J. L. Allard, for years a prominent and wealthy mill owner in Paducah, is the suit now on trial in circuit court before Judge Reed of Mrs. Vina Allard of Illinois, against G. W. Robertson, and T. E. Moss, of Paducah.

When Mr. Allard died he left a will bequeathing his estate to his son, the late C. Oliver Allard. In the course of several years Mrs. Josephine Spaulding, for the benefit of her two children, Tom and Edna Allard, children of a deceased son of Mr. J. L. Allard, filed a suit here to break the will, and secured a judgment breaking it on the grounds of undue influence. Mr. C. Oliver Allard, then alive, before the case went further, agreed to a compromise, by which he was left some little remnant and the other heirs and the attorneys got quite a little alike.

He died at Brookport, Ill., some time ago, and since then his widow, Mrs. Vina Allard, has brought suit here against some of the owners of property formerly owned by him, claiming that she signed none of the papers assigning her interest, and that present holders have no legal title to the property.

Attorneys say it is one of the most complicated cases that ever came up in court here, and it will take considerable time to straighten things out.

BANKRUPTCY PETITION.

Mr. Mark L. Teeven of this city, filed a petition in bankruptcy this morning in the office of U. S. Clerk J. R. Poryear. His liabilities are \$550 with no assets. He has only one creditor, Tausig & Co., of Chicago, dealer in cigars and tobacco.

POLICE COURT

ANOTHER BRIEF SESSION HELD BY JUDGE SANDERS THIS MORNING.

Arthur Watkins, a tramp, found today that it is not advisable to become disorderly and abusive because people do not see fit to encourage the laziness of hoboes. Last night he became very insolent towards members of Mr. Joe Ulman's family at Fifth and Washington streets because he was not given what he demanded. He was fined \$20 and costs by Judge Sanders this morning.

Lloyd Vinegar is charged with throwing a stone at another negro and breaking out a carriage light. His case was partially heard and left open.
